

# WICO COMMAND CONTROL™

**Bat Handle Joystick**

## WHY TOP PLAYERS ARE GOING WHACKO OVER WICO THIS CHRISTMAS.

You know the feeling.  
It's happened before.

Your score and initials are in  
lights on the arcade scoreboard.

You've once again experienced  
the incredible response from the arcade  
controls to your own hand and mind.

You've been part of the  
WICO response.

Over 500 arcade games  
use WICO controls. And  
now those authentic arcade  
controls can be used with  
home video games.

WICO engineers ergo-  
nomically designed home  
joysticks with the same  
precise feel and response as the arcade  
joystick. Joysticks that truly fit the hand  
and the mind.

If you opened up the  
base of a Wico joystick, you'd see one  
thing. It's not a toy! Arcade owners have  
always demanded the finest in design,  
engineering and durability. And so  
should you.

Our electronically designed "guts"  
feature 6 Wico leaf switches instead of  
bubble-type switches. Our joysticks  
"exclusively" feature a Wico rubber  
diaphragm module  
for authentic arcade  
action and feel. And like  
all Wico controls, the base  
is made of heavy-duty,  
high impact ABS plastic  
construction that makes  
it virtually indestructible.

switch assembly**

Wico brings 42 years of experience  
and know-how to the development of  
the world's finest joysticks. Arcade  
accuracy. Arcade control. Arcade  
durability. You're always in command  
with WICO.
